### **Community Councils support local Covid recovery efforts**

The Glenfarg and Earn Community Councils have been awarded funds from the RWE Lochelbank Wind Farm to support the recovery of community groups and organisations in the area. £10,000 is being ringfenced for the new **Covid Recovery Fund** that will assist groups with costs associated with resuming activities following lockdown restrictions. These may be additional cleaning or PPE costs, increases in running costs following lockdown or to run 're-opening' activities. The Fund can help compensate shortfalls arising from the cancellation of normal fundraising activities. Grants of up to £500 are available to community groups based in and benefiting residents in the Glenfarg or Earn Community Council areas. Application forms are available from the community councils and can be submitted any time up to 31 December 2021.

**To apply** please contact your community council for an application form.
